Treat all Chronic and Special Disease

YOUNG MEN

WHO MAY BE SUFFERING FROM the effects of youthful follies or indiscretion, will do well to avail themselves of this, the greatest boon ever laid at the altar of suffering humanity. Dr. SPINNEY will guarantee to forfeit $500 for every case of Seminal weakness or private disease of any kind or character which he undetrakes and fails to cure.

MIDDLE-AGED MEN

There are many at the age of thirty and sixty who are troubled with too frequent evacuations of the bladder, often accompanied by a slight smarting or burning sensation and a weakening of the system in a manner the patient cannot account for. On examining the urinary deposits a ropy sediment will often be found, and some small particles of albuman will appear, or the color will be of a thin milkish hue, again changing to a dark and torpid appearance. There are many men who die of this difficulty, ignorant of the cause, which is the second stage of seminal weakness. Dr. S. will guarantee a perfect cure in all such cases, and a healthy restoration of the genito-urinary organs.

Office Hours—10 to 4 and 6 to 8. Sundays from 10 to 11 A. M. Consultation Free. Thorough examination and advice $5.

P. S. For private diseases of short standing a full course of medicines sufficient for a cure, with necessary instructions, will be sent to any address on receipt of Ten Dollars. Call or address

EDITORIAL NOTES.

Many moons will come and go ere the British boors who came over to rusticate with Rufus Hatch in the backwoods of of the Northwest will hear the last of the criticisms on their vulgarity. The Chicago *News* says the trouble is, they assumed that Americans were an ill-manered people, and, judging from those they had seen abroad they may have been right in their conclusions, even if their premises were at fault. The talk about the matter is liable to have this good effect—it will show the English people that the Americans appreciate decency if not cultivated manners, and that an indignity here cannot be covered by a "sir" or a "lord" attached to the man's name

Sir Stafford Northcote closed his campaign in Ireland yesterday with a speech at Lorne. He said in order to develop her resources, Ireland needed order and repose and a firm and steady government, not offers of bribe one day and sensational legislation the next, followed by violent measures of repression. He deemed the land act a beneficial measure if justly administered. There should be no compact with national disturbers who would seek home rule through new measures for local government, and he warned the conservaties to guard against them.

Marquis Tseng, the Chinese Embassador in some remarks at Falkestone, Saturday, in reply to an address of welcome presented him by the municipal authorities, declared that the Chinese do not fear contact or wish to avoid concourse with foreign nations. On the contrary they court foreign intercourse, knowing its advantages, but refuse to have their hand forced. The Marquis hoped the present cordial relations between England and China would ever continue.

People who are enjoying the two-cent postage should remember that Third Assistant Postmaster General Hazen is the man who demonstrated the advisability of the reduction and whose opinion was adopted by President Arthur, contrary to the recommendation of Postmaster General Howe. The Omaha *Bee* says: Gen. Hazen is a fine example of the eminence a man can attain in an administrative department by tending to business and keeping out of politics.

Senator Jones has written the whole particulars in regard to the Carson land office to Washington, and thinks Western Nevada will retain it. He said it was poor policy for a government with a treasury groaning with wealth to lay a burden on poor settlers in the West.

The Socialist convention at Pittsburg has been a failure so far as puplic interest or proselytism is concerned. The workmen manifest but meagre interest in it and seem to view it with indifference

Careful estimates at midnight make the total vote of Ohio, 711,-791. Prohibition amendment vote, 320,454, which gives nearly 70,000 majority against prohibition.

Chinese merchants assert that France has only two courses to fall back on, the treaty or, prepare to march against Pekin.

The O'Donnell Case.

LONDON, October 15.

The recorder in the Central Criminal Court, charging the grand jury in regard to the case of C'Donnell, said the prosecution claimed that the prisoner committed a deliberate murder of the worst kind, because his victim was a man who aided law, and who was under the protection of the crown, and killing him out of revenge. He pointed out the conflict of the evidence in regard to O'Donnell's exclamation to Mrs. Carey, after he had shot her husband. The recorder said it would be the sworn duty of the jury to return a true bill for murder against O'Donnell. A motion to postpone the trial will be heard Wednesday.

—The remains of Dr. C. Blumenthal of New York will be taken to Washington, Pa., to-morrow for cremation.

EASTERN DISPATCHES.

[PRESS DISPATCHES TO THE GAZETTE.]

War in Pennsylvania.

BRADFORD, October 15.

There was no new development in the miners strike to-day. Trouble is expected to begin at 7 o'clock to-morrow morning, when 600 miners in the employ of the Rochester & Pittsburg Railroad will attempt to do some work. The strikers who are heavily armed, are encamped near the mines. The railroad authorities anticipate a bloody time, and will use every precaution to protect their men. Said one of the officials: The mines will be opened at all hazards to-morrow, and we expect the strikers will resort to violence, but we are prepared for them. Our mines are guarded by one hundred Pinkerton detectives all armed with Winchester repeating rifles and thirty-eight calibre revolvers. If the rioters attempt to interfere, or use force to prevent our men from working, ther will certainly be bloodshed. Captain Foley arrived from Chicago to-night. I have delivered to Foley, 12 repeating rifles, 12 revolvers and 2,300 rounds of ammunition; the car contained 12 mattresses for the use of the men. The entire force will be there at 1 o'clock on Monday morning, and will remain on duty until the affair is settled. It is reported here to-night, that every precaution has been made to open by force, the mines at Reynoldsville. Over 2,000 armed strikers are encamped at these mines but the owners have engaged special policemen, and say they will resume work if it becomes necessary to kill off the entire force of strikers.

BRADFORD, Pa., October 15.

The Beech Tree mines, owned by the Rochester & Pittsburg Railroad, started up this morning with 160 men without any disturbance. The presence of Pinkerton's detective party is having a good effect on the strikers. The attempt will be made to open the mines of the company at Punsatawney this afternoon, and the extensive mines at Dubois to-morrow. The strikers at these points are very strong, and, it is supposed, will resist the attempt at a resumption. Dispatches from Reynoldsville report all quiet there.

A Commercial Failure.

NEW YORK, October 15.

The dry goods commercial agency reports that Hyans Bros., a large firm of New York and San Francisco, in the wholesale clothing trade, have suspended. There are rumors as yet unconfirmed, of a still larger failure in the same line of goods.

Hyans, in speaking of his suspension, said that judgment for $78,000 had been obtained against his brother Edward in San Francisco, where the latter had charge of the branch house. This judgment was against his brother individually, and did not affect the firm. The creditors in New York, becoming alarmed, Hyans made an assignment to avoid attachment. The liabilities in this city, it is said, would not amount to more than $55,000, and in San Francisco probably not more than $100,000. Hyans is positive the firm will pay 100 cents on the dollar, and that the trouble will be merely temporary.

Highway Robbery.

KANSAS CITY, October 15.

Last night Augustus Shawles, Treasurer of the Order of Railroad Conductors, and Charles Achlenacht, a conductor on the Missouri-Pacific, were robbed at the muzzles of cocked revolvers by four highwaymen on the Kaw river bridge, between Kansas City and Wyandotte. Shawles was relieved of a $200 watch and $700 of the funds of the order, and the robbers escaped. The money taken had been subscribed towards the entertainment of the national convention of railway conductors, which opens here on Wednesday next.

School Panic.

WATERSBURY, Conn., October 15.

On an alarm of fire being sounded at the Elm street school during the session, 400 children rushed headlong down stairs in a panic. Many were knocked down and trampled upon; one girl had a collar-bone broken, another an eye badly cut, and a third is insensible, and several were internally injured. Many others were bruised. The fire caught in the waste paper room, near the furnace, and was easily subdued.

The Champion Sold.

CHICAGO, October 15.

The pacer Johnston, who paced a mile in 2:10, has just been sold to Commodore N. W. Kittson of St. Paul, the owner of Little Brown Jug, with a record of 2:11¼, the next fastest pacer, Nourmin, Fanny Witherspoon and a number of other good trotters and pacers, He paid twenty-five thousand dollars. Peter V. Johnson, his driver, says he is confident the horse can go even faster.

The Communists in Council.

PITTSBURG, October 15.

The International Socialistic Workmen's Association resumed its session this morning, only 15 delegates being present. Letters of encouragement and congratulation were read from Mexico, London, Germany, Russia and Paris. The Nihilists congratulated the society on past success, and gave a heartfelt sympathy for the future. The papers read from Milwaukee, New York, Chicago, Baltimore, St. Louis, St. Joseph, Omaha and California urged the society to do its utmost to form an organization all over the country and prepare for the coming conflict; having everything in readiness to strike at one time, as this action must be simultaneous all over the world. Omaha demanded that all present systems of goverument be abolished, and that a general cooperation system be established throughout the world.

The Denver & Rio Grande.

NEW YORK, October 15.

The Directors of the Denver & Rio Grande Railroad accepted the resignation of Vice-President Myer, and elected August Engler in his place. The syndicate to take a memorandum of the Denver securities is composed of Kuhn, Loeb & Co., Lovejoy, Woeolshaffer, Commack, Cossett, Hallgarten, Scott and Sutter. The stock holders at Denver have until October 30th, to subscribe to the new issue of stock and bonds.

Labor Unions to Arm.

NEW YORK, October 15.

At a meeting of the Central Labor Union yesterday, a communication was received from the Advance Labor Club urging that all workingmen form themselves into military organizations to enable them to defend their rights. Resolutions favoring the abolition of the convict labor system were adopted, and it was resolved to take active measures to secure the adoption of the proposed amendment on that subject

The Swindled Gamesters

NEW YORK, October 15.

The falsified report of the races at Jerome Park Saturday is the theme of the town. The *Times* says it was the most extensive and successful swindle of the kind ever perpetrated in this country. It involves losses to poolsellers and book-makers throughout the country, which will aggregate $100,000.

Still a Secret.

NEW YORK, October 15.

The tapping of the wires of the Western Union Saturday, by means of which bogus dispatches were sent all over the country announcing false results of the Jerome Park races, and through which nearly $100,000 was lost by pool sellers throughout the United States, remains as much of a mystery as ever.

FOREIGN DISPATCHES.

[PRESS DISPATCHES TO THE GAZETTE.]

A Fatal Panic.

ST. PETERSBURG, October 15.

During the services in a Jewish synagogue at Juvonka, in the government of Padolia, last Saturday, a false alarm of fire was raised in the gallery which caused a panic, and the people rushed for the door, where there was a terrible crush, in which 40 women were killed and 30 others injured.

Chinese Lawlessness.

HONGKONG, October 15.

For constitutional or scrofulous Catarrh, CATARRH AYER'S SARSAPARILLA is the true remedy. It has cured numberless cases. It will stop the nauseous catarrhal discharges, and remove the sickening odor of the breath, which are indications of scrofulous origin.

"Hutto, Tex., Sept. 28, 1882.

ULCEROUS SORES "At the age of two years one of my children was terribly afflicted with ulcerous running sores on its face and neck. At the same time its eyes were swollen, much inflamed, and very sore. SORE EYES Physicians told us that a powerful alterative medicine must be employed. They united in recommending AYER'S SARSAPARILLA. A few doses produced a perceptible improvement, which, by an adherence to your directions, was continued to a complete and permanent cure. No evidence has since appeared of the existence of any scrofulous tendencies: and no treatment of any disorder was ever attended by more prompt or effectual results.

Yours truly, B. F. JOHNSON."

A Needed Improvement.

Superintendent Evans of the Water Company, is drawing off the water in the big reservoir north of town, preparatory to constructing a smaller one, in order to furnish the town with clear water for drinking. In the large reservoir the water is constantly in motion, thereby keeping it rolled. The new reservoir will be put in at the south-west corner of the big one. He proposes to sink a large tank, 20 by 30 feet and 10 feet deep, into which water from the Highland ditch will be taken, the tank will set in the reservoir to be constructed, which will be 100 feet square.

Piute News.

Johnson Sides came in this morning and waved himself into a chair, saying, "Put it down. There was three Injins came in from Malheur one week ago with a band of horses going to Sacramento on the trail. They said they had been to Yakima and came back to Malheur three months ago. They stayed at Yakima four years but it was so unhealthy over a hundred died, and these got away and left. They say the agent at Malheur is starving them. They got but little provisions but game is plenty so they live. The Department has shut off their rations and is trying to force the Piutes to work. They can herd cattle and horses, cut hay, dig potatoes, haul wood, etc."

Probably Found His Man.

Nearly six weeks ago Constable W. K. Scott of Spencerville, Nevada county, Cal., started in pursuit of Joe Lawrence, an escape from the Nevada City jail, and one of the roughest desperadoes in the State, believing, as he said before starting, that he had a "fresh trail." As nothing has since been heard of Scott, it is feared that he found his man and got the worst of the interview. The fugitive is described as follows: Dark brown eyes, gray hair, heavy grey beard, five feet eleven inches in hight, weighs 195 pounds, is 50 years old, and a native of Illinois.

Come Coming Out.

There is again a good prospect for a camp at Como. A strong company, with P. Barjeon as President, has hold of the Mount Como claim, and are developing a paying property. They are down 186 feet, and have a ledge four feet wide of ore, that averages $65 per ton. Sixty per cent. gold. The ledge is over 27 feet wide in a cross-cut they are running, and it has not reached the wall yet. The ore is exactly like Con. Virginia rock. They are working ore in the Welter mill and have made two bullion shipments. Thomas Burns is Superintendent.

A Mysterious Tragedy.

The body of a 16-year-old girl by the name of Rachel Collett, was found floating in Pitt river, Cal., last Monday. The deceased had been living with her sister's family, with whom she is reported to have had a quarrel and left the house; but the fact that her relatives made no inquiry of any one concerning her whereabouts, leads to a belief of foul play.

A Family Tree.

Surveyor-General Preble received an interesting circular the other day from George H. Preble, Rear-Admiral of the United States navy, who is preparing a genealogy of the descendants of Abraham Preble, their common ancestor of the American branch, who emigrated from Kent, England, to Massachusetts in 1636. The Admiral has the names of all the children and grandchildren, and nearly 1,000 other descendants. He has a royal octavo volume of 340 pages entitled, "Genealogical sketch of the first three generations of Prebles in America, with an account of Abraham Preble, the emigrant, their common ancestor, and of his grandson, Brigadier General Jedediah Preble and his descendants." The Preble arms are printed on the side of the circular. They are dated October 20, 1585, and the name is spelled "Prebble."

GOLD MEDAL

At the State Agricultural Fair, 1882, for best and most scientific truss.

COMMITTEE REPORT.

We find that the I-X-L Elastic Truss is the most scientific in existence, and recommend the highest award (gold medal) that the Board can bestow. Jury:

DR. A. B. NIXON, R. R. Hospital.
DR. W. R. CLUNESS,
DR. P. E. PENDEREY

COMMITTEE REPORT.

We find that the Pad of the I-X-L Elastic Truss is of hard wood, polished, is attached by a ball and socket, or universal joint, and has a spiral spring at the back of the ball to increase the elasticity, and is more suitable where a radical cure is aimed at. We believe the I-X-L Elastic Truss to be the most scientific and serviceable in the largest proportion of cases. Jury:

AYER'S
Cherry Pectoral.

No other complaints are so insidious in their attack as those affecting the throat and lungs: none so trifled with by the majority of sufferers. The ordinary cough or cold, resulting perhaps from a trifling or unconscious exposure, is often but the beginning of a fatal sickness. AYER'S CHERRY PECTORAL has well proven its efficacy in a forty years' fight with throat and lung diseases, and should be taken in all cases without delay.

A Terrible Cough Cured.

"In 1857 I took a severe cold, which affected my lungs. I had a terrible cough, and passed night after night without sleep. The doctors gave me up. I tried AYER'S CHERRY PECTORAL, which relieved my lungs, induced sleep, and afforded me the rest necessary for the recovery of my strength. By the continued use of the PECTORAL a permanent cure was effected. I am now 62 years old, hale and hearty, and am satisfied your CHERRY PECTORAL saved me.
HORACE FAIRBROTHER."
Rockingham, Vt., July 15, 1882.

Croup.—A Mother's Tribute.

"While in the country last winter my little boy, three years old, was taken ill with croup; it seemed as if he would die from strangulation. One of the family suggested the use of AYER'S CHERRY PECTORAL, a bottle of which was always kept in the house. This was tried in small and frequent doses, and to our delight in less than half an hour the little patient was breathing easily. The doctor said that the CHERRY PECTORAL had saved my darling's life. Can you wonder at our gratitude? Sincerely yours,
MRS. EMMA GEDNEY."
159 West 128th St., New York, May 16, 1882.

"I have used AYER'S CHERRY PECTORAL in my family for several years, and do not hesitate to pronounce it the most effectual remedy for coughs and colds we have ever tried. A. J. CRANE."
Lake Crystal, Minn., March 13, 1882.

"I suffered for eight years from Bronchitis, and after trying many remedies with no success, I was cured by the use of AYER'S CHERRY PECTORAL. JOSEPH WALDEN."
Byhalia, Miss., April 5, 1882.

"I cannot say enough in praise of AYER'S CHERRY PECTORAL, believing as I do that but for its use I should long since have died from lung troubles E. BRAGDON."
Palestine, Texas, April 22, 1882.

No case of an affection of the throat or lungs exists which cannot be greatly relieved by the use of AYER'S CHERRY PECTORAL, and it will *always cure* when the disease is not already beyond the control of medicine.

GENERAL NOTES.

Mr. Charles Schwarz, North Beach Chowder House, San Francisco, Cal., says of St. Jacobs Oil, the great pain cure: "It is just the greatest remedy in the world." There is nothing like it for bruises, pains, burns, etc.

Forty-five millions of acres of timber, coal, pasture and mountain lands; mines of precious metals, quarries of lime stone, marble, granite, slate, sand stone, and beds of mica; ocean front, and inland salt seas; many lakes and rivers affording thousands of miles of navigable waters, all alive with an hundred varieties of fish, some of them of great value; water powers; a climate of even temperature, and healthful; grand scenery of water and mountains, facilities for manufacturing the staples from our own material, wood, iron, wool and hides; maritime opportunities unsurpassed for internal, coast-wise, and foreign commerce; in a line to absorb the trade of Alaska in fish, fur, cedar and gold; to obtain the largest share from Asia in coffee, tea, opium, porcelain, silks and ivory, all of these are our resources and advantages which will straight way place Washington Territory in the fore front along with the most prosperous countries on the globe.

The annual message of the Governor of Washington Territory is generally an interesting document, because it gives a summary of the resources of the Territory, which is now about to ask admission into the Union. There is a strong current of immigration setting in that direction, and the current has been considerably increased by the great facilities created by the completion of the Northern Pacific Railroad. There are 13,000 Indians in Washington Territory, who occupy fifteen reservations, which contain 7,000,000 acres of the best agricultural land. The population has for some time been quite above the limits required for the admission of a State into the Union, and it is probable that at the next session of Congress, Washington Territory will become a State. A State Constitution has already been adopted. The following summing up of resources by the Governor is to the point:

The Chicago Daily News says:

If reliance can be placed on the estimates submitted to the Mormon Conference at Salt Lake City, Saturday 23,040 new members were received into Mormonism during the past year, many of whom were recruited from the Southern States. It is, however, a little surprising in face of this large accession of numbers, to learn the entire membership of the Mormon Church is but 127,229. This makes the last year's converts amount to 18 10 per cent of the whole number of adherents of the spurious faith, and would indicate, either that the heads of the organization willfully underrated the membership for some unknown cause, or exaggerated the number of new converts. The feature of the Mormon system that was prominently shown at the Conference was the manner in which the creed is planted in territory contiguous to Utah. There are 2,264 Mormons in Arizona and twice as many in Idaho, while the South converts are being settled in Colorado. In this way, it is doubtless intended after a time, to control legislation in these sections. This is a serious matter and has no doubt received the attention that is its due from the General Government.

The Lyon County Times says: "There is probably not another little town in the State that has so many prospects of again becoming a thriving business point as Dayton. For many years—since the Comstock has been so dull—there has been a gradual decline in business here, but now the outlook is more encouraging, and the indications are that it will not be a great while before good times come. There are several reasons for our business men to feel encouraged, among which are the building of new mills on the Carson river, the prospective revival of the Comstock, and the working of the low grade ores on the river, the opening up of the Regent mine in Silver City, and the revival of mining interests in Como. Should the capitalists of San Francisco make their plan of prospecting the Occidental, St. John and other front ledges on the Comstock, succeed, and build large mills at the mouth of the Sutro Tunnel to work the ore, it would go a great way towards making an increase of business in the county, and would again bring Sutro to the front, so that she would once more experience the lively times that were had when there were over 1,000 men at work there. In the next place the indications are good for a mine to be found in Silver City where C. C. Stevenson has a number of men at work on the Regent. In case a body of ore should be discovered it will be worked at his new mill at the Rock Point site, which is nearly completed, and this would also tend to increase the business interests of both Silver City and this town. Besides there are other prospects in that neighborhood that are very liable to turn out well. And, last, but not least, should the camp of Como come out and be a bullion producer, which there is no doubt it will, there would be business enough around here to suit almost everybody. Dayton would then be the main point from which supplies would be furnished, and would be a better town than Carson was in the palmy days of the big bonanzas on the Comstock. All these prospects are good and there is every reason to have faith that something will come from them at no far distant day. In regard to Como the prospect is brighter than it has been for many a long year. Prospecting enough has been done to really show that the genuine stuff is there, and all that is wanted is responsible men with capital to take hold of some of the claims to make it one of, if not the best camp in the State. There is one company that is doing good work there now, and some very favorable reports are obtained in regard to the looks of the mine, and it will probably be but a short time before others will take an interest in the camp and bring it out all right. Had other camps in Nevada as encouraging an outlook before them, then there would be no doubt in regard to the future welfare of the State."

If you feel dull, drowsy, debilitated, have sallow color of skin, or yellowish-brown spots on face or body, frequent headache or dizziness, bad taste in mouth, internal heat or chills alternated with hot flushes, low spirits and gloomy forebodings, irregular appetite and tongue coated, you are suffering from torpid liver or biliousness. In many cases of liver complaint only part of these symptoms are experienced. As a remedy for all such cases Dr. Pierce's "Golden Medical Discovery" has no equal, as it effects perfect and radical cures. At all drug stores.
